WayBack

Purified High-Spin Water

Water is known to contribute to normal physical and cognitive functions and the normal regulation of the body's temperature*.

Makes up approximately 67 litres
250ml

Directions for use:

Introductory intakes: Pour 5 ml (approximately one teaspoonful) of the WayBack high-spin water into approximately 1 litre of ideally filtered water. In week 1 & 2 we recommend you consume 60ml of the blend twice daily, in weeks 3 & 4 - 120ml twice daily, weeks 5 & 6 180ml twice daily, weeks 7 & 8 240ml twice daily, weeks 8 to 12 360ml twice daily.

We do not suggest you exceed these recommendations unless otherwise directed by a practitioner. Once the introduction is complete, we recommend for daily maintenance a consumption of 360ml to 480ml daily. At maintenance intake levels approximately 140 to 186 days' supply.

These intakes should be consumed at normal room temperature. We suggest you consume the mixture first thing in the morning, on an empty stomach.

Cautions: Keep out of the reach of children and strictly follow the guidance on daily intake, unless otherwise advised by a qualified practitioner.

Best before and batch no:
See neck for full details.
